

ACKNOWLEDGMENT

To make any project, essential requirement is able guidance and references without which a project is incomplete. We would like to express our sincere gratitude to our staff advisor, Mrs. Soja Salim (Assistant Professor, Dept. Of CSE, SCTCE), for providing us with the invaluable opportunity to undertake this mini project.

We extend our heartfelt thanks to our guide, Mrs. Anu Krishnan B (Assistant Professor, Dept. Of CSE, SCTCE), whose expertise and support have been indispensable.

We are deeply indebted to our parents for their help and motivation. At last, but not the least, we would like to extend our deepest gratitude to our friends who have directly and indirectly helped us with this project. Their unwavering support and understanding have greatly enriched our project experience.
